

Longevity^{SL}TM

SEASON LONG TURF FERTILIZER

Get Green Turf All Season Long With One Application

LongevitySLTM season long turf fertilizer is formulated to effectively feed turf for six months or more. Turf professionals now have an easy way to save time and money with just one fertilizer application. Great for the environment and your bottom line.

Available In Multiple Formulations

35-00-08
94% PCSU / 6% AMS

43-00-00
100% PCSU

◆ Reduce Costs

Save money on fuel and labor costs by making one fertilizer application per season instead of many.

◆ Less Clippings

Unlike ordinary fertilizers, LongevitySLTM helps avoid growth flushes from sudden nitrogen release. Save money with reduced mowing and clipping disposal costs.

◆ Environmentally Friendly

Polymer coating technology slowly meters nutrients to the turf which reduces losses to environment, atmosphere, or groundwater.

◆ Satisfied Customers

Your customers get beautiful turf, without the typical peaks and valleys of growth associated with standard fertilizer programs.
